All other team members (name, email, phone):

Project Description (<200 words):

Collaborate with the Freeman Center to effectively set up and maintain a composting bin. The Freeman center will produce the bulk of the food remains that will be composted and is arranging for the landscaping workers to leave behind plant waste for the compost.

Project Deliverables (What is the tangible output? E.g. Final Report, 24x36 poster, working prototype, etc.):

Usable composting bin

Budget:

\$450

If you have more information to present, please attach extra sheets as needed.
